LAKE IS SEARCHED FOR DROWNED BRIDE

SOLDIER IS KILLED WHEN SPEEDING CAR DASHES INTO FENCE

AFTON ROAD TRAGEDY
CLIMAX OF FAST RIDE
HERE FROM ROCK-
FORD.

ANOTHER INJURED Victim's Companion Gives Pseudo Name, Then Disap- pears—Both Were A. W. O. L.

A. W. O. L. In a stolen automobile and bound for Janesville to visit a girl friend, Floyd Martin, 24, a private in the motor transport corps, camp Grant, was killed Saturday night when he lost control of the machine while he was driving and dashed through a board fence at a sharp turn on the Afton road, three miles south of Janesville.

A fence post broke through the windshield, striking Martin a violent blow in the abdomen and pinning him to the seat. A companion, another A. W. O. L. soldier who gave a false name and came to Janesville with Martin, started for Rockford, not knowing that Martin would die. According to the physician who attended the dead man, the soldier who gave his name as Charles Franklin, suffered to injury save a dislocated finger.

Two new hours later, still conscious and suffering terrible pain, Martin with his companion, was taken by two unidentified men to Janesville. No surprise news of the accident, the injured man, by his request, was taken to the home of Mrs. Emil Bevers, 714 South Pearl street, whose sister, Martin, he was on his way to see.

A physician was immediately called and his recovery was declared impossible, since his heart was as his abdomen was severely hurt. He died at two o'clock Sunday morning.

"Between gasps," said Dr. Stanley McCull, who attended him, "he told me that both he and the man who were dead and that he has but one sister, who lives in Wyanett, Ill."

"Had it coming," he says, "I had it coming. I knew I'd get it some day 'cause I've been pulling the same old stunt for a long time, but I didn't know I'd get it and lose my life."

According to the story of Martin's March, 708 South Pearl street, Martin had called in the morning and said he was coming and going to bring a friend. His friend, who had also been to Janesville several times, had come under the name of Franklin, was coming to see Miss Donna Becker, Edgerton, who lives with Miss March and is employed by the Janesville hotel.

After he died, Martin was removed to the undertaking establishment of L. A. A. M. and the coroner and camp officials arrived Sunday afternoon to take the body and car back to Camp Grant.

The police are investigating the case, said Whaley, "is that after all the fellow that gave his name as Franklin wasn't a Franklin at all. The fellow who said he had a sister was in the detail that was assigned to take the body to Rockford."

Was Well Told.
Colonel Young, who came to take charge of the arrangements, said: "I do not know who the other man could be, but I think he had a sister. I know Martin and he was a fine, strapping young fellow—liked by everybody in camp. It is to be regretted that this accident had to happen."

MASTER PRINTERS TO MEET IN ST. LOUIS

St. Louis, Sept. 13.—Labor condition and the white paper shortage are to be the principal topics of discussion at the annual convention of the United Typographical Association, an organization of master printers, which opened here today.

A resolution, prepared for presentation, proposed that the constitution be amended to take the organization, as a body, out of all labor matters so far as concerns any labor union, and to obligate the entire body by contract by any one group.

Delegates asserted the convention probably would take action on the closed shop and the 41 hour week questions.

Discussing the paper shortage, delegates pointed out that the price of paper this country has increased more than 400 per cent in the last years, and emphasized that relief must be secured.

COX HAS THROAT TROUBLE OUT WEST

Salem, Ore., Sept. 13.—Gov. James M. Cox, democratic presidential nominee, after speeches scheduled today at Salem and Portland, is far as Salt Lake City and double back westward to the coast, where he has several engagements. His eastward journey, however, is being delayed by a severe throat ailment.

Gov. Cox is accompanied by a nurse, who is to administer treatments to his throat, and by Dr. C. Chamberlain, of the Dr. Chamberlain's Colic, Cholera and Diarrhoea Remedy Co., Portland. Though the doctor advised the democratic presidential nominee to cancel some of his speaking dates to give his voice a rest, the governor said he would not do so.

National Bank Call Issued for Sept. 8

Washington, Sept. 13.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business on Wednesday, Sept. 8.

The 1920 census figures gave Rock county a population of 66,150. This gives the county some 13,230 families, 9,000, or over two-thirds of which, are reached daily by the Gazette.

Wife Dies of Poison

Lates. photo of Olive Thomas and her husband, Jack Pickford.

The death of Miss Olive Thomas, beautiful American film star who succumbed in Paris last week from poisoning, was accidental, according to the Paris police. Her husband, Jack Pickford, a film actor, was in Paris with the actress when the tragedy occurred.

"Between gasps," said Dr. Stanley McCull, who attended him, "he told me that both he and the man who were dead and that he has but one sister, who lives in Wyanett, Ill."

"Had it coming," he says, "I had it coming. I knew I'd get it some day 'cause I've been pulling the same old stunt for a long time, but I didn't know I'd get it and lose my life."

MAINE TO INDICATE POLITICS OF NATION

Portland, Maine, Sept. 13.—Maine today for the election of state and county officers, legislators and congressmen, after having been told the eyes of the nation were upon them to give the traditional indications of political sentiment in the country in the presidential election.

For governor, Frederick H. Tarkenton of Bangor, republican, is opposed by Bertrand C. McIntire, democrat.

For lieutenant governor, Mrs. Helen James and her sister, Mrs. Anna James, are running for the office. The sisters married brothers a short time ago and their husbands work in the lumber camps of northern Wisconsin. On a search for "pretty things" the sisters came to Chicago. They were arrested for shoplifting.

Music with Your Movies
Again Heard in Chicago
Chicago, Ill., Sept. 13.—Granted a 40 to 50 per cent increase in salary, moving picture theatre musicians on strike since July 5, were back in their places today. Ninety per cent of the city's theatres were affected by the strike.

Marquette.—Albert Vandenbogaert, living on a farm near Crivitz, fractured his arm while driving an automobile. His brother, Joseph, started for the village on horse back. The horse stumbled and fell, fracturing the rider's leg in two places and otherwise injuring him.

Read by All
"It must be that every person in Janesville in search of living quarters reads the Gazette," said Mrs. Geo. Chase, 223 North Franklin street today.

Mrs. Chase inserted a small ad in the classified section of the Gazette and stated that the room was rented after the first insertion.

Don Jaime of Bourbon.
Don Jaime of Bourbon, pretender to the Spanish throne who is now in Paris, will soon visit America. It is believed that the object of his visit will be to dispose of articles he was able to rescue from the Austrian imperial palace when it was attacked by communists.

OFFICIAL CANVASS OF ROCK CO. VOTE MAKES ONE CHANGE

ROSA HAS 45 PLURALITY
OVER RANDALL, CAR-
RYING THE COUNTY.

FEW DEM. VOTES Just Enough to Slip by on the Ticket—Socialists at Bot- tom of List.

Chas. D. Rosa carried Rock county for congress by 45 votes in the primary election, according to the official count of the vote completed and checked this morning. This was the only change made by the official count on the unofficial as published in the Gazette on Wednesday last, the day after election. Rosa received 3,614 votes and C. D. Randall 3,569.

Lenroot for senator and Wilcox for governor made record majorities. The senator carried the county by 1,551 while the Eau Claire senator came second by a plurality of 3,195. Sol Levitan was the third man in the race for treasurer.

Less than 100 Turner, who was beaten by Henry Johnson by 2,445. Largest Vote for Governor.

As an indication of the interest in the vote the canvassers with the six candidates drew the largest vote, 11,551. Of the individual candidates Jesse Earle drew the largest vote, 9,057. In the county contests the majorities are, Perigo for senator over Ridgway, 74; Matheson over Alvah Maxfield, 2,191; Carroll over 126 behind Maxfield. Whipple for sheriff 491; Lee for clerk, 3,793; Whaley, coroner, 3,153; Ely for surveyor, 352.

Attorney general candidate, W. J. Morgan, carried the county by 3,758. Democrats voted 326 ballots. The vote in 1913 was 3,045. Therefore the ten per cent has been lost.

The democratic county candidates will get on the ticket without a petition. Coleman, the socialist candidate for governor, got 57 votes, and 111 votes represented the full strength of the prohibition party primary.

Jap's Mysterious New Religion Is Socialistic Creed

Tokio, Sept. 13.—"Omo Tokoyo," the new mysterious religion of Japan is entirely an extreme form of socialism aimed at the destruction of the existing social order, according to Kakui Kato, a merchant who made recent pilgrimage to Ayado, the village headquarters of the sect. The leading adherent of the cult, Kato reported were retired and discontented military men.

HUNGER STRIKERS ARE STILL ALIVE

Mac Swiney Is Exhausted;
Eleven Others at Cork
Grow Weaker.

[BY ASSOCIATED PRESS.]
London, Sept. 13.—Terence Mac Swiney, Mayor of Cork, was in a state of collapse and exhaustion this morning at Brixton prison.

He is continuing his hunger strike. This is the thirty second day of his fast.

Relatives Make Appeal.
Mrs. Mac Swiney, wife of the lord mayor, together with his sisters Mary and Annie, and his brother Sean, have addressed an appeal to the American ambassador and the heads of the Irish mission in London for submission to their governments.

MacCurtain Murdered.
The letter says:
"The mayor was murdered for the same reason for which MacSwiney is being murdered now—because he was fighting for self-determination for his country."

If the present tragedy is allowed to proceed we are confronted with the unparalleled crime of being murdered within 6 months of each other by a supposedly civilized government.

We are of the opinion that this is of great concern for all governments. Owing to the very close relations existing between modern nations, a government outraged in one country is outraged in all.

It is clear to us that if the crimes now perpetrated in Ireland in the name of the English government and the English people, the governments of all nations will be imperiled.

Strikers Not Fed.
Rumors that Irish hunger strikers in jail at Cork have been starved to death are denied in a Dublin dispatch to the Daily Mail, which declares their only nourishment is from oil with which the police are endeavoring to alleviate the pain they suffer due to wasting tissues. The deaths of the more delicate strikers may be expected at any time, the dispatch says.

MAYOR FIRES SHOT AT STOCK BREEDERS

Says They Should Show Different Attitude Toward Janesville on Pavilion.

"Until I am convinced that the cattlemen of Rock county are not against us, I shall not give them any aid," Mayor Thomas E. Welsh said this morning.

Mayor Welsh's statement was made at the conclusion of the Chamber of Commerce at the Grand hotel today. The meeting was called to discuss the city's attitude on the closing of lower South Second street should the county board agree to lease the old county jail site for such a purpose.

The proper place for the pavilion, the mayor said, "is the fair grounds here, but influences are against Janesville to make that possible. The matter of railroad facilities at the fair grounds does not enter into the question. It is a political proposition to my mind."

Ed. Parker Talks.
The mayor was preceded by Ed. Parker, Janesville breeder, who had told him in a recent interview that the breeders could put the building over without the aid of the city.

Attacking the pavilion a combined community building, he stated would bring in revenue adding to the city fund from 24 proposed sales yearly.

Favored by McGowan.
It was announced by Oscar Nelson, chairman of the committee, that E. D. McGowan, Janesville, chairman of the county board, favors leasing the jail site if the city would vacate the Strickland building.

George Davies, Burley Dobson, W. S. Perigo, scheduled to speak were absent.

Ruth Soulehan, violinist and Edmond Leary, tenor, gave several well received solos. J. W. Jager was the pianist.

ITALIAN LABOR DEMANDS ACTION BY PARLIAMENT

IMMEDIATE CONVOCATION
OF DEPUTIES TO PASS
NEW LAWS ASKED.

SESSION STORMY Compromise of Industrial Oc- cupational Situation Is Adopted.

[BY ASSOCIATED PRESS.]
Milan, Sept. 13.—Immediate convocation of the Italian parliament for the purpose of passing laws under which workmen may take over management of industrial plants has been demanded by the Confederation of Labor, in session here.

Resolutions favoring a compromise of the situation resulting from occupation of plants by workers throughout Italy were adopted at a stormy session of the confederation yesterday. Socialist leaders bitterly attacked the compromise, which they claimed, had taken a purely political aspect. When the socialist demand was rejected, an additional resolution was passed by the confederation which asked the president of the chamber of deputies and Premier Giolitti to call parliament into session.

COOPERATION URGED
BY CATHOLIC PARTY
Rome, Sept. 13.—Complete cooperation between employers and workmen, which is declared to be the principal factor in maintaining production throughout Italy, is urged by the Catholic party which has its own metal workers' union. They urge that the government should grant tariff protection to industries so that they may make larger profits and pay higher wages.

ATTACK ON DYNAMITE WORKS ANTICIPATED

Turin, Italy, Sept. 13.—Anxiety felt by the authorities lest the workingmen engaged in the industrial plant controversy here might attempt to take possession of the dynamite works at Casale Monferrato, led to protective measures. The garrison was strengthened.

Unknown persons fired several rifle shots into the villa of Signor Dibenedetto, engineer of one of the metal works here. The engineer replied with his revolver and killed the assailants. The police arrested Dibenedetto. The workmen evacuated the plant.

PREMIERS OF FRANCE AND ITALY MEET

Aix Les Bains, France, Sept. 13.—Premier Millerand of France and Premier Giolitti of Italy resumed today their conference over international questions, begun yesterday.

INCOME TAXES REPOSE PEACEFULLY IN VAULT

Chicago, Sept. 13.—International revenue department officials today began an investigation to account for the present of \$2,250,000 in the Federal building vaults, with nothing on the books to show the source from which it came.

The presence of the surplus money was discovered when officials of a corporation, called in to explain why they had failed to pay \$225,000 taxes, found the money was found in the vault, but the government's duplicate receipt had been lost and no record of the money was shown. Most of the 225,000 remaining unaccounted for is believed to have been collected as income taxes.

GIVEN HIGH POST BY WORLD LEAGUE

Dr. Royal Meeker, former U. S. commissioner of labor, has resigned his post to accept the position of editor-in-chief of the monthly bulletin of the international labor office of the league of nations. Dr. Meeker's selection for this important task is regarded in official circles as a splendid tribute to his ability and record since the United States is not a member of the league.

The action of the international labor office in choosing him is also considered proof that this international body is organizing its staff to secure results without regard to politics. Dr. Meeker will sail for Geneva, Switzerland, July 21.

GIRL CAMPERS TO GIVE PLAY TONIGHT

Final arrangements have been made for the play that will be given by the Girls' Council of the Congregational church. The play is entitled "Life at the Old Girl Camp." Esther Field is directing it. No admission will be charged, but an offering will be taken to be used in sending girls to the conference at Oshkosh this fall.

Boilermakers to Plan National Headquarters

Kansas City, Mo., Sept. 13.—Construction of a national headquarters building to cost upward of \$170,000 is one of the major subjects to come before the convention of the Boilermakers International Union of America, which began here today to continue throughout the week.

Shipping in Japan Is Seriously Depressed

Tokio, Sept. 13.—Depression in the shipping business of Japan has become so serious that the government has dispatched officials to Kobe and Osaka, in search of remedies. About 80 steamships are tied up at the principal ports.

Girl Campers to Give Play Tonight

Final arrangements have been made for the play that will be given by the Girls' Council of the Congregational church. The play is entitled "Life at the Old Girl Camp." Esther Field is directing it. No admission will be charged, but an offering will be taken to be used in sending girls to the conference at Oshkosh this fall.

Honeymoon Ends In Death, Groom's Story Is Heard

Wife of Jones, Noted Chicago Portrait Painter,
Goes to Watery Grave as Boat Capsizes for
Third Time; U. S. Officials to In-
vestigate Disaster.

Milwaukee, Sept. 13.—Search was being made today for the body of Mrs. Anna Jones, wife of John A. Jones, Chicago artist, whom the latter reported as having drowned off Racine when their motorboat capsized.

United States District Attorney H. A. Sawyer of the eastern district says he has not been asked to investigate the case and believes it is outside his jurisdiction.

Chicago, Sept. 13.—Coast guard officials today announced the United States district attorney at Milwaukee would be asked to investigate the death of Mrs. Anna Jones, whose husband, John Archibald Jones, was found clinging to an overturned boat several miles off Racine, Wis., yesterday.

Mr. and Mrs. Jones left Chicago last month on a honeymoon trip in an 18 foot power dory. Jones is a portrait painter and president of the Dill Pickle club, whose club house in Tooker Alley is a gathering place for Chicago Bohemians. Mrs. Jones was Miss Anna Mitchell, a New York artist. They eloped following Jones' divorce from Elizabeth Gurley Flynn, the I. W. W. "Joan of Arc."

Coast guard officials say it would have been impossible for Jones to have righted the overturned boat three times, as he told them he did. As Mrs. Jones presumably lost her life outside the jurisdiction of shore authorities they have referred the investigation to the federal attorney.

Clings to Boat 15 Hours.
Jones was rescued after clinging to the boat for more than 15 hours, but is in a hospital, where his condition is said to be critical.

One of the most remarkable stories ever heard, because of his claims of having righted three times in midlake a capsized 18 foot motor and 12 ft. square sail.

Jones and Miss Mitchell eloped from Chicago last month on a honeymoon trip to Ephraim, Wis., on the banks of Green Bay. While en route, their motorboat, which was equipped with square sail for the trip.

Visited in Ephraim a week ago, stopping at west shore points. Friday night and Saturday they spent in Milwaukee. At 3 o'clock on Sunday morning Jones and his bride called from Milwaukee, bound for Racine.

The launch was supposed to make ten trips in an hour and should have reached Racine at 6 o'clock.

Jones stated at the hospital Sunday night that at 11 o'clock, while on the launch, he saw a light on the shore. He tried to turn the launch around, but the engine was disabled, and the launch was blown overboard. The sea struck the launch, capsizing it.

Signaled for Aid.
Jones, seeing his launch in the water, swam to the overturned craft and after righting it assisted her in and out of the launch. He was then seen seeking aid from crews, lighthouses and coast guards.

Another woman capsized the craft. Jones again rescued his wife and caught her body between a chain leading from deck rail to the cabin. He again assisted his wife into the boat which again capsized and Jones, assisting his wife to the boat, helped her become exhausted and drowned.

Picked Up by Tug.
Jones held to the craft until 2 o'clock Sunday afternoon, when he was picked up by the crew of the tug William Junior, bound for Grand Haven, Mich., and was brought here and placed in the coast guard station and at lighthouses declare that they saw no flashes of light Saturday night. They were a loss of an eighteen foot motor launch in the waves.

FRUIT AND CORN CROPS DAMAGED BY STORM

Sturgeon Bay, Sept. 13.—Crop damage estimated at \$150,000 was done to fruit and corn crops by a late Saturday night. According to fruit farmers the apple and plum crop was damaged about 60 per cent, nearly all of the fruit being blown off the trees.

An airplane belonging to the Green Bay coast guard was damaged. It is said that the wind reached a velocity of 60 miles an hour.

JURY IS DRAWN TO HEAR ASSAULT CASE

A venire of 18 men was drawn today from which a six-man jury was to be picked to hear the case against Bertha and Roy Wells, Oshkosh, in municipal court. They are charged with assault and battery. Jurors were being picked from the venire to begin when six men were chosen.

The following were summoned on the venire: Charles Brandt, Chas. Knudsen, Frank Baines, M. J. Lindorf, Amos Rehberg, W. E. Clinton, John Quinn, Harry Shurtliff, P. Staple, C. N. Van Kirk, Bert Gage, J. J. Larson, H. H. Bonnell, G. W. Yahn, Sr., Henry Weber, Frank Moutat, J. T. Lloyd, and Ben Smith.

Dr. Royal Meeker

Dr. Royal Meeker, former U. S. commissioner of labor, has resigned his post to accept the position of editor-in-chief of the monthly bulletin of the international labor office of the league of nations. Dr. Meeker's selection for this important task is regarded in official circles as a splendid tribute to his ability and record since the United States is not a member of the league.

SHIPPERS ASKED TO HELP RAILROADS

Load and Unload Cars Faster
Is Plea of National
Chamber of Commerce.

An urgent appeal to the manufacturers and business men of Janesville to join in a national movement to speed up the loading and unloading of existing railroad equipment as a means of providing improved transportation service was made by the National Chamber of Commerce of the United States today through the Janesville Chamber of Commerce.

The national chamber's committee points out that the equivalent of more than half a million cars can be added to the car supply by closer cooperation on the part of all interests concerned with transportation.

"Freight traffic has increased so rapidly in the United States during the past few years that it has completely outgrown the carrying capacity of the railroads," says the committee. "As a result, it is now necessary for the roads to devise a practical plan for increasing their transportation service."

For this purpose, the committee is making extensive additions of new facilities and equipment, including freight cars, locomotives, and track facilities, and by making greater use of existing facilities and equipment.

Can't Get Capital.

"The railroads cannot carry out this plan," they suggested, because under present conditions they are unable to obtain a sufficient amount of new capital, nor would it be possible for them to provide new facilities in time to relieve the present emergency if the capital were available. They must, therefore, rely on making a maximum use of existing facilities and equipment, with the cooperation of all of the other interests concerned with the shipment of freight, receivers of freight and railroad employees.

You, as shippers and receivers of freight, can take a very important part in this movement. You can add to the car supply by loading your cars more heavily and loading and unloading them more rapidly. If the railroads were obliged to buy 500,000 new cars at the present price of about \$2,000 per car, it would cost them \$1,000,000,000 and would cost the public at least 5 per cent of that amount in the form of increased freight rates.

The average freight car spends its time as follows: Thirty-seven per cent of the time in the hands of the shipper or the receiver; 45 per cent moving from the point of loading where it is put into a train or onto a transfer track; 11 per cent in a train moving from one terminal to another; and 9 per cent laid up for repairs. You, as shippers and receivers of freight, can effect a substantial reduction in the 47 percent, and the railroads can effect an equally substantial reduction in the 45 per cent.

Unload Them Quickly.

"You can load and unload your cars promptly if you will. As a rule, the railroads allow you 45 hours to load your cars and 48 hours to unload them before making any charge for demurrage. If you will use only one-half of this time, you will release your cars in one day instead of two. In addition, you will be able to load your cars more rapidly, and you will be able to unload them more rapidly. This will reduce the time that your cars spend in the hands of the shipper or the receiver from 37 per cent to 22 per cent of its total time, and thus add 200,000 cars to the available car supply.

The average freight car makes 20 round trips each year. By reducing the time needed to load and unload your cars, you will enable the car to make 25 round trips each year. This is equivalent to adding 15 per cent available car supply.

The average capacity of the freight cars of the country is 44.6 tons. Some commodities, including coal, steel, ore, sand and gravel, can be loaded to capacity beyond the marked capacity of the car. Others, including the bulk commodities of grain, oil, cement, etc., are loaded to capacity without adding proportionately to the tonnage carried by the railroads. In loading commodities belonging to either of these classes, you should disregard the prescribed minimum weight provisions for your commodity and, if possible, load your cars to their maximum capacity.

Cars Not Loaded.

"In 1919 the average load per loaded car of all commodities on all the railroads of the country was 37.3 tons—only 47 per cent of capacity. The railroads have now undertaken to attain an average load of 40 tons per car. If you will cooperate with them and add an average of 2.2 tons to each car loaded, you will add nearly 1,750,000 cars to the available car supply.

Speed Car Movement.

"The Association of Railway Executives representing 95 per cent of the railroad mileage of the country has unanimously adopted a program for increasing car efficiency in which they undertake with the cooperation of the public to secure for the country as a whole a 30 per cent daily minimum movement of freight cars of not less than 40 miles per day; an average loading of 30 tons per car; reduction of bad order cars to a maximum of 1 per cent of total owned; an early and substantial reduction in the number of locomotives now unfit for service; more effective efforts to be made about return of cars to the owner roads.

You can help to reduce the present excessive number of bad order cars. The last monthly report submitted by the carriers shows 7.4 per cent bad order cars in the United States as against 5.7 per cent at the beginning of federal control, an increase of 50,000 out of service. It should be possible to keep the number of bad order cars below 4 per cent of the total number owned, and if that condition could be maintained about today, it would result in immediately making effective on the railroads as a whole the 30 per cent United States daily minimum movement of freight cars that are now out of service because unfit to run.

"You can help the railroads to reduce the number of bad order cars by loading your cars carefully so as to avoid the injuries to the car that frequently result from the shifting of freight in transit."

Complete Census Report of Rock County By Divisions

Here is a complete official report on the population of Rock county by towns and all other minor civil divisions as reported by the Bureau of the Census and transmitted by the Associated Press to the Gazette. It shows the results stated in the Gazette Friday with a small loss to the towns in rural population. Where the losses are located can be seen by the comparative figures for the last 20 years. The largest gain has been that of Beloit with 9,848 in 20 years while Janesville has 5,108 gain.

LINDEN POINTS OUT CITY'S PLAY NEEDS

Says Adams and Webster Playgrounds Should Be Discontinued—Would Fix 4th Ward Park.

That the summer playgrounds were poorly attended and the season not a success was the opinion which G. E. Linden, supervisor, expressed in a letter addressed to the school board. Mr. Linden suggested possible reasons for the unfavorable situation and ways by which it could be remedied in the future.

"The attendance at the Adams and Webster has been so small that it has hardly warranted the use of a director on these grounds," said Mr. Linden. The Washington grounds showed a more successful condition, "or quite a group came there. The number at the Jefferson school also made it possible to claim a partial success here."

Mentions Parents' Attitude. Mr. Linden gave in main three reasons for the lack of success of the summer playgrounds here. He stated that the attitude of the parents in the vicinity of the various schools was such that they did not want their children to attend. They seemed to fear that the children would learn bad habits there, he said. Also the fact that so many boys of school age are employed during the summer, together with the fortunate lack of congested districts in Jamesville, tended to make the playground a minus factor.

"It would however be a short sighted policy to discontinue play activities in the city for they are essential and will come more and more to be needed," said Mr. Linden. He suggested that the Adams and Webster grounds are inadequate for play

and that the Jefferson grounds could be used by those in the Adams district. The Fourth ward park, south of Webster school should be equipped for a playground, thus discontinuing the use of two school grounds he said.

Learn to Swim. Mr. Linden stated that in his opinion the swimming activities were the most encouraging of all during the summer. Thirty-three boys and 16 girls were taught to swim. Life-saving instruction was also given to men and boys. Among those who learned to swim were: Harold Sager, Earl Miller, Crosby Summers, Edward Summers, William Henke, Maurice Woodman, Leslie Kerr, Albert Sager, Delton Wilkins, Francis Hefferman, Harry Bell, Bradley Slawson, Eugene Lawson, John Burdass, Robert McFarland, R. Hinton, Kenneth McFarland, Richard Nicholas, James Bond, P. H. Fulham, William Pustad, Joseph Ruach, Everett Kerr, Francis Pettit, Paul Harvey, Joe Pettit, Kenneth Marford, Howard Stanley Robinson and Misses Dorothy Buss, Louise Larson, Jessie Vineer, Gladys Robins, Marjory Earle, Virginia Earle, Vivian Lova, Jessie McFarland, Ella Lamb, Alice Schultz, Lorella Buss, Mary O'Gara, Katharine Hanf, Alice O'Gara, Regina Wall and Alice Hein.

Mr. Linden expressed the belief that swimming should be supervised by a single authority.

DEMPSEY WILL MEET BRENNAN ON OCT. 1

New York, Sept. 12.—Agreement for a 15 round bout between Jack Dempsey and Bill Brennan of this city was signed Saturday, according to Jack Kearns, the champion's manager. The bout will be held at Madison Square Garden Oct. 1, under the direction of Tex Rickard, who recently leased the garden for a term of years.

CARPENTER GLAD. New York, Sept. 12.—Georges Carpentier, the French boxer, Saturday sent the United Press the following wireless message from the steamer Lorraine on which he is en route to this country: "Alfred S. S. Lorraine, radio via Cape Race—I am glad at Dempsey's victory over Mike which was what I expected."

HILGENDORFF'S "KING" WINS 2 MORE FIRSTS

King, a Boston terrier owned by George Hilgendorff, this city, walked off with two blue ribbons at the Chicago dog show held last week at the Bionza gardens, Chicago. This makes the sixth prize for the dog since the first of the year. It previously had won two firsts and two seconds.

In giving the latest firsts, the judge declared that king is one of the most perfectly marked Boston terriers he has ever seen.

ALL-STAR ANNEX TWO BIG SLUGFESTS

The All-Stars won both games of a double header yesterday. Both were heavy hitting battles. In the first game the stars beat Footville, 14 to 11, and the second the stars defeated the Beloit Colored team, 15 to 13 in 10 innings.

The first game started with Echlin pitching for the Stars until the seventh when he retired in favor of Hager, who finished in brilliant style. Snyder lasted three innings for Footville, when the Stars pounded out 14 runs. Clark finished the game.

Cutts, catching for the Stars sure had a big day with the bat in the first game. Out of six trips to the plate, Cutts got one walk, a home run, triple, double and 2 singles. Clark, who also pitched out a home run in the first inning for the Stars. Schilling's Homer. Whis Schilling's homer in the 10th inning with Hager on second, won the game against the Beloit Colored team. Bick pitching for the Stars, got a bad start when the darkies collected five runs in the first inning. Bick's arm pulled him through with timely hitting. Martin pitching for the Beloiters had the Stars beat for a few innings, but was hit after hit, but later the Stars collected hit after hit.

Stimulating Monday Sales Through Saturday Advertising

Do you think of certain days in the week as "off" days for advertising?

Saturday—for example: do you omit your advertising on this day? Do you realize that advertising on Saturday will stimulate your Monday sales tremendously?

THAT MARSHALL FIELD & CO. OF CHICAGO CANNOT BE SHOWN THAT THERE IS ANY OFF DAY IN ADVERTISING IS INDICATED BY THE FOLLOWING SIGNIFICANT LETTER.

Advertising Bureau
MARSHALL FIELD & COMPANY
121 North State Street
CHICAGO
June 12, 1920

Mr. Victor F. Lawson,
The Chicago Daily News,
Dear Sir:—

As I recollect we are now in our 5th year for consistent Saturday night advertising. We were the pioneers among Chicago retailers in this move. We started with very small copy and with very little hope of success. None of us really believed the advertising would carry over Sunday against the great Sunday paper competition. Now however, we never pass a Saturday without generous representation in the Evening papers. We find that in spite of the decrease of the Daily News circulation on Saturday the results we get on those items advertised are frequently greater than the same items advertised on an ordinary day.

We have no theory to expound regarding this phenomenon. Facts are enough for us.

You are at liberty to use this letter in any way you see fit. - we rather enjoy competition.

Yours very truly,
MARSHALL FIELD & CO.,
Signed by R. A. Brown,
Advertising Manager

RAB:1J

Strawbridge & Clothier of Philadelphia also uses space in Saturday afternoon newspapers to increase Monday sales. Neither of these two great stores uses Sunday advertising at all.

In The Jamesville Gazette a large number of advertisers are represented in the Saturday edition. The heaviest volume of want ads, automobile, truck and accessory advertising appears on that day, as well as a larger volume of amusement advertising. This indicates a high degree of reader interest for the Saturday Gazette.

If Saturday afternoon advertising is highly profitable for department stores, as well as the other classifications of advertising mentioned in other cities, it will also be productive for the advertisers of Jamesville.

Reconsider the Saturday proposition. There are no "off" days. Schedule at least one of your advertisements each week for the Saturday edition of The Gazette.

Her new joy bringing picture—

Inasmuch as Mary and Doug are now scheduled to go through life together it is fitting that we present their pictures together. So we have arranged that for Monday, Tuesday and Wednesday of next week and the following week we will present them in their newest and best pictures.

MANAGERS NOTE: Although I have never liked Doug's pictures personally, yet after seeing "The Mollycoddle" presented at the Pantheon Theatre in Chicago I decided then and there that it was far superior to any picture that Douglas Fairbanks has ever played in and immediately booked it for my patrons. You will make no mistake in seeing this picture and I also highly recommend to you the picture, in which Mary stars the following week.

BETTING EVIL HERE DUE FOR STIFF WALLOP

Setting in the stands and on the grounds of the Samson tractor ball club at the fair grounds is bad. This is the recognized by Manager George Perling of the Sammites in a statement issued this morning. In giving it, he stated that the Samson club have been contemplating taking action to stop the evil now and for all time.

Betting must be cut out," Perling stated this morning. "We will open a crusade at once to stamp it out. Anyone caught betting in the park will be fined. We are asking the aid of the local police in the campaign with the request that they make arrests of all those caught placing or receiving bets on the grounds."

OBITUARY

Floyd Davis
Many friends and relatives attended the funeral of Floyd Davis which was held at 2:30 o'clock Sunday afternoon at First Baptist church, Rev. R. G. Pierson officiating. Interment was made in Grove cemetery near the city. The Elks of Beloit conducted the services at the grave.

Funeral services were held at 10 o'clock Sunday morning at the home of Mrs. J. H. Chambers, Mr. D. Hetherington, C. Farnau, William Mosheim, and George Perkins, all of Beloit; J. P. Coleman, Madison.

Floyd Davis was born in this city 33 years ago. He was in the army during the last year of the war. For many years he was ticket agent at the C. M. & St. Paul railroad, leaving this city four years ago to take a similar position in Beloit. He was caused by a chronic case of Bright's disease.

Among those from out of town who attended the funeral were: his sister, Miss Ethel Davis, Washington, D. C.; Mrs. T. L. Wilson, Chicago; Mr. and Mrs. W. B. Thompson, Beloit; Mr. and Mrs. J. H. Perkins, Rockford; Mr. and Mrs. E. J. Cobell, Waterloo, Ia.

H. M. Weaver

SMALL BLAZE AT D. & L. SWEET SHOP
A small fire originating in the hallway adjoining the dance hall on the second floor of the D. & L. Sweet Shop, called out the fire department at 1:15 Saturday evening. There was practically no damage. A lighted cigar stub is believed to have caused the fire. The well-armed excellent among late Saturday night shoppers.

At 10 o'clock Sunday morning firemen pulled a horse from a ditch on Center avenue below Monterey bridge. At 4 o'clock in the afternoon they extinguished a grass fire at J. H. Snyder's on Hamilton avenue.

Clean wiping rags, white or colored, will bring cash at the Gazette office.

The course covers a year and will be available only to high school graduates. The Plymouth high school training teachers have been appointed by the board as the faculty of the institution.

DANCING TONIGHT AT THE D. & L.

WEALTH IN KANSAS WHEAT BELT COMES EASILY THIS YEAR

Tonka—Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer" wheat. It is estimated that there were 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels or represented a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated at 150,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners, after last year's huge and bountiful crop had been harvested. The 1919 acreage was in excess of 1,000,000, by far the record for any state in the union. A wet fall caused the kernels of wheat which had failed to germinate during the harvesting to germinate.

Finding the "volunteer" crop making a stand, farmers did not have to grow wheat this spring. The volunteer wheat made yields fully as bountiful as the planted crop. Numerous stories of "deserted" acreages, producing \$5,000 to \$25,000 worth of wheat, come from western Kansas, where the bulk of the volunteer wheat was grown. Others tell of farmers who purchased farms this year and paid for them with the returns of this year's wheat harvest.

Illustrating the "sudden wealth" general throughout the western Kansas counties, where land has been cheap and favorable seasons for wheat, a recent canvass of wheat yields in the vicinity of Oakley, a small town 50 miles east of the Colorado line, in Logan county, showed a total of 100 acres whose wheat crops this year are worth more than \$50,000 each; at least 25 have more than \$75,000 of wheat each, and every farmer has a recent crop of thirteen counties, most of them of northwest Kansas this year are yielding 45, 70, 65, 67 bushels of wheat, according to the latest official estimate by the state board of agriculture.

The one big drawback to the Kansas wheat grower's prosperity is that it is the lack of cash, which is to transport his wheat to the market centers. Cows still are scarce, especially in the central and western parts of the state, and the situation is not as desperate as it was two months ago, grain dealers report.

Favorable summer rains have practically assured a big crop in Kansas this season. The crop has been officially estimated at 140,000,000 bushels and the official forecast is that the continued favorable weather means the yield will mount still higher. The Kansas weather bureau here reported that it is the first year in its 23 years existence that Kansas had "bumper" wheat and corn crops the same year.

A banker who has lived in Kansas for 52 years is authority for the statement that in that time such a favorable crop combination never before occurred.

Similar conditions prevail with the oats and barley crops which have been harvested. The state raised 20,000,000 bushels of barley—four times the average annual yield of the last 20 years.

Alfalfa and grain sorghums, to which millions of acres are devoted in Kansas, likewise are producing practically across the state. Potato growers report one of the best crops ever grown. As one editor of western Kansas puts it, "the horn of plenty appears to have been dumped into the lap of Kansas this year."

PAYS \$5 FINE FOR CRAP GAME MIX-UP

Tom Bowman today was fined \$5 and costs for having been mixed up in a crap game on South Jackson street, August 5, in which nearly a dozen arrests were made. He was the only one who pleaded guilty at the time he was arraigned.

In court today he denied having had any money in the game, that he was merely a bystander. Officer Toash, who arrested Bowman, did not shoot the die but declared he was "fading" and making side-bets with those who were handling the dice.

Europe Regards world League as Utopian Dream, Says Banker

The majority of the people of Europe now regard the league of nations as "a Utopian dream," which cannot solve the problems, said Mortimer L. Schiff, banker, on his recent return from a month abroad. "The impression I received," Mr. Schiff said, "was that Europe is still suffering from the effects of the treaty, which has created artificial

economic barriers, has engendered racial animosities and has bred suspicion instead of confidence. "As a result, serious political situations still exist, industrial rehabilitation has been retarded and the enforcement of the just claims of those who have suffered so grievously through the war. With all that, and notwithstanding the accumulated burden of the

MILK DEPOT IN EDGERTON IS SOLD

A deal was closed Saturday whereby Frank and William Hinkle became the proprietors of the milk depot and all of the business formerly owned by William Schellie. The Cambridge Electric line has arranged to extend its system and will serve all the farmers in the gravel pits neighborhood, south of Otto Ruck's. Material is already on the road and service is expected to be given in October. Jefferson county is at highway work on route 126. The grade is practically completed from Mt. Atkinson to the county line at Walter Marsden's corner. The week-end saw an Exodus of young people leaving town to enter different schools. Among those who are going are Elmer Matkovic and Louis Rivenburg, Downer College; Misses Gertrude and Genevieve Nichols, Le Crosse; Ruth McIntosh and Florence Kelloway to Winona, Minn.; Loraine Dickinson, Esther Nelson, Emma Langworthy, Elizabeth Page, Lilian Schumacher, Earl Nelson, Chester Peters and John Rousch will enter Lawrence University, Appleton.

A large number of fans, who journeyed to Evansville to witness the Janesville Beloit ball game Friday returned a much disgusted crowd owing to the tactics indulged in by the Beloit fans. Mr. and Mrs. James Kathan and daughter, Lucille, Beloit, spent the week-end with Mr. and Mrs. W. B. Doty. Harry Barz and Mrs. Will Hinkle were Janesville shoppers Saturday. Mrs. Omer Amundson, Beloit, is a visitor at the home of her parents, Mr. and Mrs. William Harzels. Misses Edna Rouse and Hilda Becker have accepted positions in Madison. Mr. and Mrs. Henry Wolf, Shelbygan, were the honor guests at a surprise party given at the home of Mr. and Mrs. Albert Barz, South Main street, Saturday evening. Fred Thwaiter turned Saturday from a business trip of 2 weeks to Savannah, Georgia. Mr. and Mrs. Aug. Rpusch left Sunday morning for New Holland, Ill., for a visit with relatives. The Highway Trailer ball team yesterday won a game from the B. P. Yates of Beloit by a score of 5 to 2. Mr. and Mrs. T. E. Enis returned Saturday from St. Paul and points in northern Wisconsin they traveled by automobile.
